The Professional Standards and Ethics Committee has established a Standard Operating Procedure for evaluation of charges alleging a violation of these standards. Complaints are to be submitted to the Academy President and should include identification of the specific part or parts of the Standards alleged to have been violated, the context of the violation (legal proceeding, private consultation, etc.), a description of the conduct alleged to be in violation of the Standard(s), the relationship of the complainant to the named CHP, and the agreement of the complainant to keep the names of the parties and the conduct of the proceedings confidential. If the president determines that there are omissions in the submitted material, the material will be returned to the complainant for amendment. We are working to make the standard operating procedures accessible on the Academy Web site. In the interim, interested members can request S.O.P. 2.7.1 (Guidelines for the AAHP Executive Committee and the AAHP Professional Standards and Ethics Committee for Evaluation of Charges Alleging Violation of the Standards of Professional Responsibility for Certified Health Physicists) from the Secretariat.
