## Exam Site Committee Activities

*Jason Flora, CHP, Chair*

Every summer, future certified health physicists (CHPs) are able to take the American Board of Health Physics (ABHP) certification exam at locations other than the annual meeting. Due to the commitment of our fellow CHPs, there were 14 exam sites that supported this year’s efforts. I would like to thank committee members Janine Katanic, Darrell Liles, Kay Foster, and Jack Higginbotham for coordinating the exams in their respective regions.

I am happy to announce that Janine Katanic will now be the chairperson for this important committee. I have enjoyed working with everyone. As always, Nancy Johnson has been extremely helpful in coordinating this volunteer effort.

Finally, I would like to recognize and thank this year’s exam site lead proctors\* and assistants:

**Aiken, South Carolina:** Russ Morgan\*, Mark Hogue

## AAHP Committee Appointments

*John Frazier, CHP, President-elect*

One of the primary responsibilities of the American Academy of Health Physics (AAHP) president-elect is to staff the eight standing committees for the coming year. These committees perform much of the work of the Academy through close interactions with Nancy Johnson (our Secretariat from Burk and Associates). In some professional organizations, it is a difficult task to find persons willing to commit the time and effort to serve on committees. I have found that this is not the case for CHPs—they are ready and willing to serve!

The process for identifying potential members of committees begins when CHPs indicate (on their dues statement) a willingness to serve on a committee. Nancy provided me a (long) list of those volunteers. I worked with Nancy, President Shingleton, and the current chairs

of committees to identify potential replacements for those whose term ends at the February 2012 midyear meeting in Dallas, Texas. I then selected potential replacements by also considering geographic variability and including new volunteers on committees. The response to my telephone calls to potential replacements was outstanding, as every person I asked to join a committee agreed to serve.

The number of members for each committee is established in the AAHP bylaws, as is the term of office (each member serves a three-year term, renewable upon approval of the AAHP Executive Committee, with the chair being selected from the committee for renewable one-year terms). I am pleased to say, at our 26 June 2011 annual meeting, the AAHP Executive Committee approved the following committee memberships for 2012-2014:
