Papers
- Evaluation of a New High-Density Shielding Material, by R.J. Barish
- Integrated Measurements of Short-Lived $^{222}$Rn Progeny by Rotating Filters, by D.S. Pressyanov et al.
- Breast Cancer Incidence at a Nuclear Facility: Demonstration of a Morbidity Surveillance System, by T.L. Vaughan et al.
- Prospective Study of the Clinical Symptoms of Therapeutic Whole Body Irradiation, by M.P. Chaillet et al.
- Profiles and Downward Migration of $^{137}$Cs and $^{208}$Pb Deposited on Italian Soils after the Chernobyl Accident, by G.C. Bonazzola
- A-Bomb Survivors: Further Evidence of Late Effects of Early Deaths, by A.M. Stewart and G.W. Kneale
- Measurement of Radioactivity Levels in Soil in the Nile Delta and Middle Egypt, by N.M. Ibraheim et al.
- Electret Ion Chamber Radon Monitors Measure Dissolved $^{222}$Rn in Water, by P. Kotrapa and W.A. Jester

Forum
- On Communication and Comparison of Radiation Risks, by L. Persson

Operational Topic
- Verification of Aquatic Dilution Factors for Liquid Effluents Released from a Nuclear Power Plant, by I.R. Kamel et al.

WANTED: HPS Photographers

Paul Frame

On Collins and Joe Sayeg, the Health Physics Society’s official photographers are calling it quits after many years of yeoman service. Their fine work has enlivened the pages of the Newsletter and provided invaluable historical documentation of the Society’s activities. The Society, in no small measure, is indebted to them.

As a result, someone is needed to take on the responsibilities of the HPS Photographer. Such an individual must be in a position to attend the annual and midyear meetings and should possess their own equipment. The Society will cover costs of purchasing and processing the film.

For more information, or to volunteer for the HPS Photographer position, contact me at 615-576-3388.

It’s new! With this issue of the Newsletter, the American Academy of Health Physics (AAHP) and American Board of Health Physics introduce the "CHP Corner."

This monthly column will be used to provide timely notification of activities and schedules of special interest to certified health physicists and others who might pursue certification. The semi-annual CHP News newsletter will continue to include more lengthy discussions of substantive certification issues. Please address any contributions for either "CHP Corner" or the CHP News to:

Nancy M. Daugherty, CHP
Editor, CHP News
511 N. Bermond
Lafayette, CO 80026
303-966-8533; FAX: 303-966-8575

Application Fee Refunds

The AAHP has announced that people who submitted application fees for certification prior to the 1990 exam, but did not take the exam, must submit a written application for the refunds postmarked by 1 March 1993. Thereafter, the AAHP will close its books on refunds and any unrefunded monies will be turned over to the cash reserves of the AAHP. Effective with applications for the 1990 exam, all fees are now non-refundable.

Those eligible for refunds should address requests to:

Nancy Johnson
AAHP Secretariat
8000 Westpark Dr., Ste. 130
McLean, VA 22102
FAX: 703-790-9063

Requests for refunds should include all applicable identifying information, including address at the time of the application (if different), date of application and amount submitted, as well as current phone number. Requests for refunds will be honored only when accompanied by adequate documentation. Please allow six to eight weeks for processing.

Don’t Forget

15 January 1993: Postmark deadline for applications for the 1993 Certification Exam.

1 March 1993: Nominations for the Wm. B. McAdams Outstanding Service Award. Contact the ABHP Vice Chair.
