The "CHP Corner" is used to provide timely notification of activities and schedules of special interest to certified health physicists (CHPs) and other HPs who might pursue certification. The semi-annual CHP News newsletter will continue to include more lengthy discussions of substantive certification issues. Please address any contributions for either the "CHP Corner" or the CHP News to:

Congratulations, CHPs!
The following additional individuals were granted Comprehensive Certification in 1992 by the American Board of Health Physics (ABHP):

Martin N. Haas
Dwight A. Hostetter
Craig E. Jensen
Kevin L. Nelson
Winston E. Ward

1993 Certification Exam Applications
Approval letters for the 1993 ABHP Certification Exam should be received by applicants by 15 March 1993. Check your mailboxes!

Recertification Packages
Recertification packages will be mailed automatically at the end of April to those CHPs whose certification must be renewed in 1993. The package will include instructions and forms for renewal, as well as a list of courses for the years 1990 through 1993 that have been approved for recertification credit. Any CHPs having questions concerning recertification materials should contact Nancy Johnson at the HPS Secretariat at 703-790-1745.

Thanks!
The AAHP extends a special thanks to Raymond H. Johnson and Donald R. Jacobson for the one-day AAHP Continuing Education Courses that they presented at the HPS Topical Midyear Meeting in Coeur d'Alene, Idaho. These courses continue to be popular with CHPs and non-certified HPs alike.
