The "CHP Corner" is used to provide timely notification of activities and schedules of special interest to certified health physicists (CHPs) and other HPs who might pursue certification. The semi-annual CHP News newsletter will continue to include more lengthy discussions of substantive certification issues. Please address any contributions for either the "CHP Corner" or the CHP News to:

Nancy M. Daugherty, CHP

Major "OOPs!"
Question: What is the real name of a famous physicist, born in New Zealand, who made major professional contributions in Montreal, Canada, and after whom an earlier unit of radioactivity (equal to $10^6$ dps) was named? Hint: Check the June 1993 issue of the CHP News to find out what it's not. The correct answer (with a large serving of humble pie) will appear in the December 1993 News.

Wanted!!!
... And speaking of the December 1993 edition of the CHP News ...

Contributions to that edition should be mailed or FAXed to me at the above address by 1 October 1993. If the article is lengthy, a 3½-inch diskette, using either IBM or Macintosh versions of WordPerfect, would be appreciated. I'll return the diskette upon request.
