Application for Emeritus Status

Emeritus status may be granted by the American Board of Health Physics to a CHP in good standing who has retired from active professional practice because of age or health. This is commonly interpreted as working less than 25% of full time and does not, therefore, exclude part-time consulting. An Emeritus CHP is not required to renew certification, but enjoys all of the privileges of an active member, receives all of the publications of the AAHP, and is listed with an emeritus designation among the active CHPs.
